

House rules

For your own **safety**: Only hostel guests are allowed inside the hostel – all strangers must register at the reception. Please pay attention to who is entering the house together with you when unlocking the front door.

The Babelfish is a **non-smoker**. Therefore, smoking is prohibited in the whole building. You can smoke on our terrace until midnight.

The **terrace** may not be used after midnight. Our neighbors want to get some sleep, too, please be so kind and respect that.

A hostel is (also) a place to sleep – please keep the noise down to a reasonable level after **22:00**.

Please don't bring any **alcoholic drinks** with you. Different kinds of beverages can be bought at the bar at reasonable prices.

You're not allowed to bring **beverages or food** to your room. You are welcome to use our guest kitchen in the common area if you want to cook, eat or drink.

Hygiene is important to us. So please do not use any other sheets than our own. If you do not use our sheets, we will charge you a cleaning fee of 10 EUR.

Throwing things (e.g. trash) out of the window is forbidden and may lead to a fine.

In case there are any **damages** in your room, please inform us immediately.

We will charge any damages or dirt to the account of the person who caused them.

For **fire security reasons**: Please don't leave any objects in the hallways and don't hang your towels or your laundry over your bedside lamps or the heaters.

In case of violation of the house rules, we reserve the right to exercise our property rights.

Thank you!
