Babelfish Walking Tours:

FAMILY TOUR

Sightseeing with Kids? No Problem! Our family-friendly tour including different stages you can combine in any order you wish takes you to Würzburg's most renowned sights while granting you enough space to go explore on your own, quick breaks and little snacks. You can find further information on the city's sights on our map "The Big Five".

1 Residence Palace & Court Gardens

The Residence Palace (Würzburger Residenz), which was built in the 18th century following the style of Versaille, was registered as a UNESCO World Cultural Heritage Site in 1981 and is one of Europe's most renowned Baroque castles. It's most famous for its splendid staircase with the world's largest ceiling fresco created by the Venetian painter Giovanni Battista Tiepolo in 1752/53.

There are a lot of funny statues around the Court Gardens (Hofgarten) - can you spot the little guy playing the panpipes? By the way, there is an awesome 2 **PLAYGROUND** in the park (Ringpark) right behind the Residence Palace!

The Rosenbachpark just across the street is a great spot for having a picnic. Franconian wine is sold at the wine house of the state court wine cellars inside the 3 **ROSENBACHPALAIS** – it's a must try and also a great souvenir!

4 St. Kilian Cathedral

The Cathedral (Würzburger Dom) was built around 1040 - 1075 and is one of the largest Romanesque church buildings in Germany. It is dedicated to St. Kilian, Apostle of the Franks, who is regarded as the patron saint of the city and the Bishopric of Würzburg.

Right next to the Cathedral, there is a legendary garden, the **LUSAMGÄRTLEIN** 5. Can you and your parents find out to whom the big memorial stone is dedicated?

The interior of the Cathedral is worth a visit as well, it contains numerous works of both sacred and contemporary art.

6 Church Marienkapelle and Market Square

The church Marienkapelle on the Market Square is considered a masterpiece of late Gothic architecture in Lower Franconia and is best known for its elaborate ornamentation, especially the figures of "Adam and Eve" (Tilman Riemenschneider, 1439).

Take a guess – how high is the golden statue of the Virgin Mary up on the church tower? It seems so small from down here!

7 **BRATWURSTSTAND KNÜPFING** has the best "Geknickte" (Franconian bratwurst) in town, a great snack in between exploring! If you would prefer to enjoy some coffee and cake, we recommend the family-friendly café 8 **WUNSCHLOS GLÜCKLICH** just around the corner.

Marktplatz 7, 97070 Würzburg

9 Alte Mainbrücke

Ever since the 12th century, the Old Bridge or Saints' Bridge (Alte Mainbrücke), which remained the town's only river crossing up until the 19th century, connects the inner city to the so-called Mainviertel. The twelve iconic statues of the Saints lining the bridge (Brückenheilige) were added in the middle of the 18th century.

You can buy the best spaghetti ice-cream in town at the ice cream parlor and café 10 **FONTANA**, also for take away! Can you spot the two saints with golden swords on the bridge?

At the 11 **OLD MAIN-MÜHLE** enjoy the lovely view of the fortress and the Käppele with an original Würzburg "Brückenschoppen", a glass of Franconian wine.

Alte Mainbrücke, 97070 Wzbg.

12 State Gardening Exhibition 1990

The most beautiful way up to the Fortress Marienberg leads through the grounds of the former State Gardening Exhibition. Enjoy a botanical trip around the world while taking a stroll through the theme gardens dedicated to Würzburg's twin cities.

There is a fun 13 **WATER PLAYGROUND** right next to the entrance!

The 14 **TIME-OUT** and the 15 **HOFBRÄUKELLER** are only a stone's throw away, both are family-friendly restaurants with beer gardens and playgrounds.

16 Fortress Marienberg

From 1200 on, the fortress was built around Würzburg's first episcopal church, which had been erected on the Marienberg in 704 AD. The castle complex was expanded and remodeled multiple times throughout the Late Middle Ages and the Renaissance and served as the Prince Bishops' residence up until 1719.

The old hallways and gates around the fortress grounds are perfect for a little game of hide and seek. You can totally feel like a knight or damsel here!

Have a short rest on the meadows near the rampart and enjoy the fantastic view! There is a small kiosk close to the restaurants.

17 Nikolausberg

Combine your sightseeing tour with a healthy dose of nature and hike up the hill Nikolausberg! The shortest way up is to follow the Stations of the Cross leading up to the church 18 **KÄPPELE**. An even better view is guaranteed from the historic watch tower 19 **AUSSICHTSTURM FRANKENWARTE**.

There is a great 20 **PICNIC AREA AND PLAYGROUND** at the Frankenwarte and the restaurant 21 **SCHÜTZENHOF** has even got a treehouse!

Enjoy some traditional food at Schützenhof. A fantastic view over the city and the Main valley is thrown in for free!
